

Loginizer Security

Övervakar inloggningen genom att sätta gräns för antal försök.

Tre försök med fel resulterar i 15 minuters avstängning fem upprepningar ger 24 timmar.

Antal är inställningsbart.

The screenshot shows the 'Brute Force Settings' configuration page. On the left is a sidebar with menu items: Calendars, Kontakt, TablePress, Utseende, Tillägg, Användare, Verktyg, Inställningar, cformsII, Loginizer Security (selected), Panel, Brute Force, Go Pro, and Galleri. The main content area is titled 'Brute Force Settings' and contains the following settings:

Max Retries	<input type="text" value="3"/>	Maximum failed attempts allowed before lockout
Lockout Time	<input type="text" value="15"/>	minutes
Max Lockouts	<input type="text" value="5"/>	
Extend Lockout	<input type="text" value="24"/>	hours. Extend Lockout time after Max Lockouts
Reset Retries	<input type="text" value="24"/>	hours
Email Notification	after <input type="text" value="0"/>	lockouts 0 to disable email notifications

At the bottom of the settings area is a 'Save Settings' button.
